Profile of location

AUDI AG has been producing cars at its Chhatrapati Sambhajnagar site (formerly known as Aurangabad) in the Indian state of Maharashtra since September 2007. Currently, the Audi Q3*, Audi Q3 Sportback*, Audi Q5*, Audi Q7*, Audi A4 Sedan and Audi A6 Sedan* are manufactured at the Skoda Auto Volkswagen India Private Limited (SAVWIPL) factory for the Indian market.

Sustainability

The plant in Chhatrapati Sambhajnagar is a completely carbon-neutral facility that has been using green energy since 2022. In September 2024, the 100,000th tree was planted at the Green Future Park near the Chhatrapati Sambhajnagar (CSN) plant, highlighting the Group's commitment to ecological restoration. Oxygen Park and Green Hub are living proof of the site's promise to preserve and enhance natural capital: the trees enhance the green spaces in the Shendra industrial zone, contributing significantly to biodiversity.
